Reasons of Allowance

1. Claims 17-30 and 46-48 are allowed.

The following is an examiner's statement of reasons for allowance. The closest prior art of record failed to teach or suggest, wherein spatial filtering includes a deblocking filtering, deblocking filter operation decreases with an increasing image quality value, wherein deblocking filtering chooses an activity dependent weighting function for a pixel to be filtered according to a image quality value, and wherein the activity of both blocks to which common border said pixel belongs is considered. Therefore, in combination with all the other limitations claims 17-30 and 46-48 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
